

# Making a Difference One *Life* at a Time

*"I will give thanks to you, LORD, with all my heart; I will tell of all your wonderful deeds."  
Psalms 9:1*

We at Black Hills Pregnancy Center are **thankful to the LORD** for all that He has blessed us with. Just two years ago, we did not have an office open to help women who experienced an unplanned pregnancy here in our area. Now, today, our busy center is scrambling in an effort to see the **growing number of clients** that need our services each day. Currently, our appointment availability and space are limiting our ability to see clients when they need to be seen. Sadly, when this happens they often go "somewhere else," and that "somewhere" may not be a center that helps women make life-affirming decisions.

Additionally, during our past two years, **we have seen growth**, not only in the number of individuals seeking our pregnancy support services, but also a growth in the number of clients who **want to be better parents**. These parents are enrolling in our "Earn While You Learn" program. With this growth in client numbers and services, it is only natural that our costs are growing right along with a need for more space.

In response to the spatial needs in our office, in **April we expect to expand our center**, thus making us better able to **meet the needs of our clients**, and to allow more room for our growing number of volunteers at the center. We currently have some funds set aside to begin this initial expansion.

While these areas of growth are all positive movements, **we still need to grow our monthly support**. Thankfully, we have been blessed with a growing number of individuals willing to support us financially, and it is our hope that those supporters will understand how critical it is for us to establish **Monthly Support Partners**, to help us meet our financial goals and allow us to plan for our clients' needs better. When our operational costs are covered by monthly support, then our other fundraisers allow us to expand and grow our programs to our clients. For example, our "Earn While You Learn" program costs approximately \$1,500 per client, when they go all the way through the course, which includes stocking the Baby Boutique.

As a financial partner, **you are making a difference** in the lives of every mother and father who walk through our doors. **Your support** funds all of our services so that we can show the love of Christ to those who enter our doors. Those who support our center bless us so that we can empower women and men to make life-affirming decisions.

**Will you please join me and the other board members by becoming a Monthly Support Partner?**

One *Life* at a Time,

Travis Lasseter  
Executive Director

Travis Lasseter is a dynamic and compassionate leader with over 23 years' experience in critical healthcare management and community outreach. An Air Force veteran and current Pennington County Planning and Zoning Commissioner, he brings considerable decision-making, and team-building skills to the Center as well as keen awareness of governmental compliance issues.

## Our Needs

### Medical Provider

We are looking for a local medical provider to read ultrasounds.

### Monthly Support Partners

Will you prayerfully consider becoming a monthly financial support partner with the pregnancy center?

### Business Sponsorships

For our fundraisers to be successful, we need business sponsors. If you have a desire to help the center build our event sponsorship portfolio, please contact the center.

### Prayer Partners

We are looking for a single point of contact who will work with the center and send our prayer needs through a prayer chain. If this is something you are interested in, please contact the center.

### Event Volunteers

Dedicated volunteers make our events successful. If you would like to serve on our event committees such as Walk for Life, Ladies' Tea, Annual Dinner, Baby Bottle Boomerang, etc., please contact the center to let us know your interest.

### Center Volunteers

We are always looking for volunteers to meet the needs of the center. Right now our needs are focused on the following areas: 1 to 2 more volunteer nurses who are interested, or have training in Ultrasound; IT support; office work; and donor development experience. If you have any of these skills or other related skills, and want to volunteer, please contact the center to discuss how you can help.
