

Designated Distribute Date: \_\_\_\_\_

Designated Pick Up Date: \_\_\_\_\_

### Baby Bottle Boomerang: 5 Easy Steps!

Step 1: On the designated Sunday, set up a table at your church or distribute the bottles to participating individuals. ***Make sure that you keep track of each person who takes a bottle so you can follow up with them.***

Step 2: Remind your congregation weekly to fill their bottles! Through announcements, email, or while visiting. **Remind your congregation to fill out the tax-exempt slip in the bottle if they want a receipt for tax purposes.**

Step 3: Collect the bottle on the designated pick-up Sunday. Remind the congregation participants to please return filled bottles to your collection point and to ensure each bottle is returned. (This will save the center overhead costs.)

Step 4: Return the bottles filled with change, bills, and checks to the Black Hills Pregnancy Center at 1774 Centre St. Suite 1, Rapid City SD. **There is no need for you to empty the bottles and count. We do it here at the center.**

Step 5: We will let you know the total your congregation raised, so you can **share the grand total with your church and celebrate the impact your partnership will have for LIFE!**

Thank you in advance for being a ***PARTNER for LIFE!***
